Replacement of the Church Heating System: Over the past number of weeks we have had burst pipes in the Church heating system. The plumbing system has now been deemed 'not fit for purpose' due to its age, wear and tear and all has to be replaced as a matter of urgency, pipes, radiators etc. The severity of the water bursts has also meant we have had to turn off the water at the mains which supplies the church, this means that the outside church toilets are also unavailable for use. Work to replace the system is due to commence 30th May. Apologies for any inconvenience caused.
